Teoría e Historia
Económica

Seminario: JuanD Moreno-Ternero (Universidad Pablo de Olavide)

20/11/2024

Seminarios 2024-2025

Título: Fair resource allocation in sports competitions.

Sala: E22

Hora: 12.30

Resumen: We shall concentrate on two of the most important resource allocation problems associated with sports competitions: the allocation of sportscast revenues and competition prizes among participating clubs. We shall cover axiomatic, strategic and descriptive perspectives for both problems, with a special emphasis on implementing fairness therein.
